

JAYDON M. HUMPHRIES

(770) 545-4022 | jayhumphries11@gmail.com | [Portfolio](#) | [LinkedIn](#) | Atlanta, GA

OBJECTIVE

Driven and self-motivated cybersecurity student skilled in network configuration, penetration testing, and network defense. Seeking entry-level or internship roles in cybersecurity, IT operations, or technical support to refine current skills while learning new ones.

EDUCATION

Bachelor of Science | Kennesaw State University

May 2026

Major: Cybersecurity

Year: Senior

GPA: 3.5

RELEVANT EXPERIENCE

Cyberbit Labs – Firewall and IDS/IPS Configuration

- Configured Cisco ASA firewalls and developed access control lists (ACLs) to manage network traffic securely.
- Created and tested custom Snort rules to detect and block malicious activity.
- Practiced end-to-end setup of network security policies in a virtual enterprise environment.

Hack The Box – Virtual Lab Environments

- Completed multiple simulated penetration testing challenges, focusing on reconnaissance, privilege escalation, and exploitation.
- Built familiarity with vulnerability scanning, lateral movement, and post-exploitation analysis using real-world tools.

Linux & Windows Systems Administration (Virtual Lab)

- Installed and managed Ubuntu and Windows environments for multi-user access.
- Automated system tasks with Bash scripts and managed file permissions, services, and user accounts.

AI-Driven Fraud Detection - KSU Fintech Hackathon 2025

- Collaborated with a team of 4 students to develop a theoretical AI fraud detection framework for FinTech apps, leveraging machine learning models to identify fraudulent behavior patterns.

WORK EXPERIENCE

Domino's Pizza – Delivery Expert

Kennesaw, GA (Jul 2025 – Present)

- Manage delivery logistics, route efficiency, and customer service under high-volume conditions.

Terminus Wake Park – Cable Operator

Emerson, GA (May 2024 – Jun 2025)

- Operated and maintained automated pulley systems with attention to mechanical safety and consistency.
- Collaborated with technical staff to troubleshoot electrical and operational issues.

Humphries Realty Group – Computer Technician

Dallas, GA (Jun 2021 – Jun 2023)

- Installed, configured, and maintained office computer systems and peripherals.
- Diagnosed hardware/software issues and performed on-site repairs, improving system uptime by 25%.

SKILLS

Technical: Linux, Windows, Network Configuration, Network Principles, Firewalls, Network Defense, Penetration Testing, VPN, VLAN, TCP/IP, Python, Bash, Javascript, HTML, Lua, pfSense, Virtualization, System Administration

Soft: Fast Learner, Detail-Oriented, Critical Thinker, Problem Solver, Inquisitive, Strong Written and Verbal Communication, Team Collaboration, Approachable, Self-Motivated, Determined, Professional, Fast Typer
